

Spectra Training National Fees Booklet 2017

NATIONAL STUDENT FEES

In this document any reference to "Spectra Training Australia", "Spectra Training", "Spectra" is a reference to CLB Training & Development Pty Ltd (A.C.N. 105 177 044) as trustee for the CLB Unit Trust (A.B.N. 82 443 695 367) trading as "Spectra Training" (TOID 21356)

All student fees in the booklet are based on a minimum group of 3 participants. Prices for group sizes smaller than 3 will be calculated on a case by case scenario.

All fees and charges in relation to the delivery of Spectra's standard training courses are contained in this booklet. The fees and charges listed include, but are not limited to, training and assessment, participant materials, participant support, and facilitator travel. If a variation from Spectra's standard price is required for compensation of additional services (such as course customisation) additional fees and charges will apply. Any additional fees and charges will be agreed to in writing, prior to the commencement of training, between Spectra and the client.

Spectra reserves the right to withhold certification until full payment is received (please refer to Spectra's Fee, Charges and Refunds Policy).

FEE FOR SERVICE (FFS)

These fees are charged for participants not eligible for State Government funding.

All student tuition fees published are subject to change given individual circumstances at enrolment.

Spectra's standard instalment structure for fees is as follows:

Commencement fee, which is invoiced upon the commencement of training and typically covers the first two quarters/6 months of the program, unless otherwise indicated in the fees tables.

Progression payments, which are equal instalments (the number of which depends on the length of the program), and are payable quarterly, i.e. every 3 months, with the first being invoiced 6 months from the date of the initial commencement fee.

ELIGIBILITY – STATE GOVERNMENT FUNDING

If a participant qualifies for State Government funding, the enrolment fee may vary according to requirements specific to each State. The availability of State Government funding and the participant's ability to qualify for funding is also subject to requirements specific to each State.

Concession fees and fee waivers may be available for eligible participants and will be applied subject to the relevant State requirements.

All pricing is based on State funding conditions at the time of publication; should these conditions change, Spectra reserves the right to withdraw or amend an offer.

Eligibility for State Government funding is independent of eligibility for Commonwealth funding incentives paid to the employer.

Employers do not receive State Government funding; this funding is paid directly to Spectra for the provision of training services.

Concessions and partial or full fee exemptions may apply as per State Government regulations. Evidence demonstrating eligibility for such exemptions or concessions (e.g. a Health Care card) or evidence of financial hardship for each individual participant will be required to access a reduced enrolment fee or for exemption from an enrolment fee.

ELIGIBILITY – COMMONWEALTH FUNDING

Guidance on Commonwealth government funding should be obtained from your [Australian Apprenticeship Support Network \(AASN\)](#) provider.

Only AASN providers are contracted by the Commonwealth government to provide advice on incentives for Apprenticeships and Traineeships and to process all relevant documentation. This is a free service to employers. Further information can be found at:

- Prices shown are calculated on the 2017 dollar/hour rate. The WA Government may change the mandated rate per calendar year.
- The WA course fee is based on a set rate per nominal hour for each unit of competency, as determined by the WA Government. The total cost may vary based on unit selection. Student tuition fees are indicative only and are subject to change given individual circumstances at enrolment. Additional fees may apply such as student service and resource fees.
- WA fees will be invoiced in accordance with training delivered per calendar year on a quarterly basis. The fee for training delivered in 2017 is based on Future Skills WA course fee rates (<http://www.futureskillswa.wa.gov.au/fees/Pages/course-fee-rates.aspx>) for each unit of competency. Training delivered in future years will attract a higher rate per nominal hour, as set annually by the WA Government – indicative course fees for 2018 have been released, however, rates are not final until gazetted each year.
- Based on minimum group size of 3.
